Setting Up Your iPad to Backup to iCloud

Step 1. Tap on the **Settings** app
Step 2. Tap on the **iCloud** option.
Step 3. Tap on the **Storage & Backup** option.
Step 4. Turn On iCloud Backup
Step 5. Tap the **OK** button
Step 6. Wait while it is turning on backup, this will only take a moment.
Step 7. Tap the **Back Up Now** button
Step 8. It will now start backing up, you can now close settings while it is backing up.
