PURPOSE

The purpose of this policy is to explain to our college community the non-delegable duty of care obligations that all staff at Wodonga Middle Years College owe to our students and members of the college community who visit and use the college premises.

POLICY

“Duty of care” is a legal obligation that requires colleges to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include personal injury (physical or psychological) or damage to property. The reasonable steps that our college may decide to take in response to a potential risk or hazard will depend on the circumstances of the risk.

Our college has developed policies and procedures to manage common risks in the college environment, including:

- Yard duty and Supervision
- Bullying Prevention
- Camps and Excursions
- First Aid
- Child Safe Standards
- Emergency Management
- Volunteers
- Visitors
- Working with Children and Suitability Checks
- Mandatory Reporting
- Occupational Health and Safety

Our college acknowledges we are required to take reasonable precautions to prevent the abuse of a child by an individual associated with the organisation while the child is under the care, supervision or authority of the organisation.

Staff at our college understand that college activities involve different levels of risk and that particular care may need to be taken to support younger students or students with additional needs. Our college also understands that it is responsible for ensuring that the college premises are kept in good repair and will take reasonable steps to reduce the risk of members of our community suffering injury or damage because of the state of the premises.

College staff, parents, carers and students are encouraged to speak to the principal to raise any concerns about risks or hazards at our college, or our duty of care obligations.

External Providers

Staff at our college acknowledge that, as our duty of care is non-delegable, we are also required to take reasonable steps to reduce the risk of reasonably foreseeable harm when external providers have been engaged to plan for or conduct an activity involving our students. Our *Visitors Policy* and *Camps and Excursions Policy* include information on the safety and care of our students when engaged with external providers.

Our college also takes steps to ensure student safety when they are engaging in off-site workplace learning programs with external providers, such as when students are participating in work experience and any other workplace learning program involving external providers. Our College will follow all applicable Department of Education and Training policy and guidelines in relation to off-site learning and will ensure that the safety and welfare of the students engaging in these activities is paramount. The Department's guidelines in relation to Workplace Learning are available at the following link:
